Subject: Authorization to Apply the LabTest Certification Mark(s) under the LabTest Certification System Type 3 (ISO / IEC Guide 67).

Re: Project No.: 17223

Product(s): Outdoor Decorative Gas Appliances

Dear Mr. Kaz Jackow:

LabTest's evaluation of your product has been completed under the above project number and the subject product was determined to comply with the applicable requirements.

This letter services as an authorization to apply the LabTest Certification Mark only at the factory under the LabTest's Follow-Up Services Program to the subject product, which is constructed as described in the Listing Report No.: 17223-1G

Series:	Tiki Torch Series

Description:	Outdoor decorative gas appliance for outdoor use only

The LabTest Certification Mark must be used with the identifier(s) of the market area(s) for which a certified product is designated. These market identifiers must be placed adjacent to the certification mark exactly as shown in the Certificate of Conformity and Listing Report.

The subject areas of the LabTest accredited scope covered by the LabTest Certification Mark must be declared with a qualifying statement (normative document number and revision level) and displayed with the LabTest Certification Mark as per the instructions in the Certificate of Conformity and Listing Report.

**ISO 17025, ISO 17065,
ISO 17020 Accredited**

Note (CAN – P – 1500, clauses 4.2.1 and 4.2.2): The 'C' and 'US' indicators adjacent to the LabTest Certification Mark shall signify that the product has been evaluated by an accredited laboratory to the applicable CSA and UL Standards respectively. The subject area shall be displayed with the LabTest Certification Mark to identify the Standard Number, and Revision Level.

This authorization is effective from the date of the letter and only for the products described in the Listing Report noted above and labeled at the manufacturing location approved by LabTest Follow-up Services.

Products that are affixed with the LabTest Certification Mark shall be identical to those that were evaluated by LabTest and found to comply with LabTest's requirements. If changes in construction are discovered, appropriate actions will be taken for products not in conformance with the LabTest's requirements and continued use of the LabTest Certification Mark may be withdrawn.

Sincerely,

Kavinder Dhillon, Eng. L.
Certification Manager
